Re: *Colborn v. Netflix*  
Case No. 19-cv-484

Dear Judge Ludwig,

It has come to our attention while preparing our reply brief in the above matter that Plaintiff's response brief opposing Defendants' motions for summary judgment inadvertently included a citation to a case that was intended to have been removed because it was later reversed based on the facts in that case. We respectfully request that the Court and counsel disregard the reference in the response brief to *Perez v. WEWS*, 1986 WL 12966, \*7 (Ohio Ct. App.). Our sincere apologies to the Court and counsel for the oversight.

Sincerely,

ROCKSTEAD LAW, LLC
